

# Binary code Pixel challenge

## Challenge sheet 1

Your challenge is to find the correct binary values in RGB to make the colours of the rainbow then convert the values to binary code

Red		
RGB	Binary value (out of 255)	Binary code
R		
G		
B		

Orange		
RGB	Binary value (out of 255)	Binary code
R		
G		
B		

Yellow		
RGB	Binary value (out of 255)	Binary code
R		
G		
B		

Green		
RGB	Binary value (out of 255)	Binary code
R		
G		
B		

Blue		
RGB	Binary value (out of 255)	Binary code
R		
G		
B		

Indigo		
RGB	Binary value (out of 255)	Binary code
R		
G		
B		

Violet		
RGB	Binary value (out of 255)	Binary code
R		
G		
B
